Our Ministry

Thank you for your awareness of and concern for ministry to college aged individuals

Years ago, it could be expected that students who went off to college would fall away from the faith, but then eventually return to their church roots. Sadly, that is no longer the case. Current research indicates that those students who fall away from the faith during their college years often do not return to it as they get older.

Unfortunately, college students are unintentionally forgotten by their home congregations, sent on their way with little more than a “Good luck and God bless!” Despite hearts that wish otherwise, they fall into the “out of sight, out of mind” sector by many local congregations and other ministries.

However, that is where The Point of Grace (TPOG) steps in and it is more imperative than ever that we have a vibrant campus ministry. Did you know that TPOG has chapters on four Milwaukee area college campuses? (UW-Milwaukee, Wisconsin Lutheran College, Milwaukee School of Engineering, and Marquette). Because of this we can...

- serve students on campus by offering Bible study and Christian fellowship
- reach out to students in high school to introduce them to campus ministry before they go to college or receive full time jobs if not attending college
- build a bridge between our congregations and college students, so these young men and women are sustained in their faith
- create an opportunity to bring college aged people who don't know Jesus into the presence of God's Word
- awaken in others the desire to serve this often-forgotten demographic
